MESSAGE FROM CHIEF SNELLINGS

On behalf of the Jamestown Police Department, I am pleased to deliver the 2017 annual report. This document presents an overview of the hard work and dedicated service provided by our officers to the Jamestown community.

In response to an increase in crime in specific areas within the City, the Jamestown Police Department launched an initiative in 2016 targeting designated areas to help address neighborhood issues. The pilot program was focused on the "Prendergast Corridor," with the goals of maintaining a visible presence, engaging community members to build relationships, addressing housing code violations, and decreasing crime. The program ran for two months and was continued in 2017.

The targeted areas expanded from the Prendergast Corridor to two additional zones. There are now three targeted zones that our patrols are assigned to on a rotating basis. Our partners include the New York State Police, New York State Parole, Chautauqua County Probation, and the City of Jamestown Department of Development.

A total of 97 details were conducted from May thru December. During the details 493 suspicious person/vehicles were checked, 428 vehicle and traffic citations were issued, 21 beat patrols were conducted, and 193 arrests were made. One detail was conducted with the Department of Development resulting in 32 houses being checked, and 13 summons issued for housing code violations.

In 2017, the City of Jamestown saw significant drops in property, violent, and overall Part I crimes, which resulted in the lowest overall crime rate in twenty years. This is a positive step forward, but there is more work to be done. All of the specific data is contained in this report.

As an agency we want to pass on our sincere appreciation to the community for their continued support, and we look forward to providing public safety to the City of Jamestown in the coming year.

Harry Snellings

Chief of Police
Director of Public Safety

OPERATIONS DIVISION

OPERATIONS DIVISION OVERVIEW

OVERVIEW

The Operations Division is responsible for providing direct police services to the public. The members of the Operations Division are committed to our citizens through the protection of life and property, protection of the constitutional guarantees of all people, reduction of opportunities for the commission of crime, resolution of conflict, identification of criminal offenders and criminal activity, apprehension of offenders and coordinated efforts of the Jamestown Police Department with other police agencies. The division is commanded by Captain Todd Isaacson.

There are 46 sworn police officers, a dog control officer, and five crossing guards assigned to the Operations Division. These members, who are the front-line of the agency, have initial contact with the public when law enforcement services are requested.

Members of the division continue to increase their proactive patrol activity. This has resulted in the officers being more visible and accessible to the community, which is a contributing factor in the timely arrest of offenders. The City of Jamestown is the largest municipality in the county and continues to experience over half of the violent crime that is committed countywide. Incidents within the City of Jamestown continued to increase in 2017, as compared to 2016 and 2015.

The Operations Division encompasses the Patrol Section, the Special Operations Section, and the Operational Administration Section. These sections are under the direction of a Captain Isaacson, who is designated as the Operations Division Commander.

Captain Isaacson is responsible for coordinating the agency's commitment to New York State Division of Criminal Justice Service's grant funded programs and the New York State's Governor's Traffic Safety Council grant programs as well.

Patrol Section:

The Patrol Section consists of three platoons of uniformed officers who staff three shifts each day as well as a Traffic Investigation Unit, School Resource Officer Unit, and K-9 Unit.

In each platoon, a lieutenant serves as the platoon commander. The lieutenant has overall responsibility for

the administrative and daily supervision of platoon activities. Each platoon is divided into three squads with three or four officers assigned to each. In addition, two sergeants are assigned to every platoon as supervisors.

The Patrol Section is responsible for traffic and parking enforcement, conducting initial and follow-up investigations, crime prevention and suppression activities, community relations, neighborhood awareness and reaction to neighborhood problems.

Additionally, the Patrol Section provides a communications officer for each shift. Usually a sergeant, the communications officer is responsible for operating the Command Center at Jamestown Police Department. This position is responsible for monitoring and assisting the Dispatch Center, operating E-Justice and computer systems, and assisting the public at the station.

The Patrol Section also operates the City Jail. Patrol officers and patrol command staff are responsible for the control, incarceration, safekeeping, and humane treatment of prisoners in custody, in addition to booking and related processing of prisoners in custody, assisting the Court Security Unit with persons they arrest, and coordinating transportation of prisoners to the County Jail.

The three school resource officers are under the direct supervision of the Operations Division Commander. The Operations Division Commander coordinates the school resource officer program and other school safety programs, in addition to assisting with any other programs and patrol duties when necessary.

The dog control officer, a full-time civilian officer, is also under the direct supervision of the Operation Division Commander. This civilian officer is responsible for: executing all laws and ordinances governing domestic animals; interviewing citizens and animal owners in connection with animal control matters and counseling or rendering assistance as appropriate; conducting or supervising dog enumerations; impounding stray dogs, and responding to dangerous animal complaints. The dog control officer also handles matters relating to animal control, maintains records on all animals brought by him to a veterinary hospital or the designated confinement center, and coordinates with the Health Department and SPCA on matters relating to animal complaints and vaccinations.

OPERATIONS DIVISION OVERVIEW

The agency has five part-time civilian crossing guard employees who are charged with the safe street crossing of our elementary school students. The crossing guards report illegal and suspicious activity to patrol units to ensure students have a safe environment.

Special Operations Functions:

The Operations Division Commander directs the functions of the agency's K-9 Unit, Accident Investigation Unit, and other special operations units.

The K-9 Unit consists of one uniformed officer and a German Shepherd Dog. The unit conducts routine patrol and responds to calls for service. The K-9 Unit is called upon to conduct human tracking, crowd control, building and narcotic searches and is utilized to support the agency's SWAT Team.

One accident investigation officer is responsible for investigating motor vehicle accidents, conducting specialized or pro-active traffic enforcement on a citywide basis, investigation of all fatal and life-threatening traffic accidents, conducting "leaving the scene of motor vehicle accident" investigations, escorts, Scofflaw, revocations and suspension actions, and performing all patrol duties assigned. This officer is also called upon to conduct traffic studies relative to traffic problems and motorist compliance with vehicle and traffic laws, such as use of seatbelts.

The School Resource Officers (SRO) are assigned within the Jamestown Public School system, to include the Jamestown High School, the Tech Academy, and the Middle Schools (one SRO rotates among the middle schools). SRO's work with school administrators within their assigned buildings coordinating the safety of students, faculty, staff, and grounds. The SRO's are instrumental in building positive relationships with students and staff that bridge traditional roles of policing in our community. SRO's also address all safety, security, and investigative needs within their assigned buildings, thus alleviating the need to remove road patrol officers to handle calls for service. This is a win-win for the schools and the community.

There are three special operations units in the department. The Special Weapons and Tactics Team (SWAT), Crisis Resolution Team (CRT) and Color Guard are staffed by officers as an "additional duty." SWAT and CRT units plan for responses to unusual occurrences and emergency incidents. Color Guard is utilized on an as needed basis,

primarily for parades, funerals, and special events. The Operations Commander assumes command of all special operations.

Operational Administration Functions:

The Operations Division Commander also manages the operational administration of the Operations Division consisting of the personnel and management services, in addition to internal affairs.

Some of the personnel management duties consist of maintaining department personnel records and time records, the preparation of job descriptions, background investigations of prospective employees, recruiting, coordination of the field training program for newly hired or promoted officers, and assigning personnel to the various shifts and sections based on the needs of the department.

Management services encompasses a variety of staff services including coordinating the department's contractual services, inventory control and distribution of department property, maintaining supplies of departmental forms, reports, etc., and ordering, issuing and maintaining records of departmental uniforms, equipment and supplies.

The management of services within the Jamestown police department includes fleet management and range management.

- **Fleet Management:** includes the research, acquisition and maintenance of all department vehicles and vehicle equipment.
- **Range Management:** includes the acquiring and maintaining of all department firearms and ammunition, maintaining documentation of all range and firearm activities and firearms training, planning evaluation of firearms and associated equipment, and selecting, training, and supervision of range training staff.

Equipment maintenance functions are performed by on-duty police officers who are responsible for the daily and weekly maintenance of the department's fleet of vehicles. The Operations Division Commander monitors and directs vehicle and equipment repairs with appropriate contractors.

The Operations Division Commander is responsible for the coordination and administration of the departments

GRANTS

POLICE TRAFFIC SERVICES GRANT

The Police Traffic Services Grant is awarded annually and provides funding to support seatbelt and occupant restraint enforcement during specified statewide “enforcement waves” and expanded enforcement efforts directed by our department. Pro-active patrols also target aggressive driving, speeding, distracted drivers, cellular phone, and other dangerous driving behaviors. In the 2016-2017 grant our agency was awarded \$8,330.00.

OPERATION SAFE STOP

Operation Safe Stop is a statewide enforcement initiative that it is not funded by any grant. Our agency and the Jamestown Public School District participate in this program annually in the spring of each year. The goal of the initiative is to ensure motorists are not passing stopped school busses and cite motorists who violate this law. During our 2017 operation there were four violations of this law cited.

GUN INVOLVED VIOLENCE ELIMINATION INITIATIVE – G.I.V.E.

In 2014 New York launched a new effort called the GIVE (Gun Involved Violence Elimination) Initiative. GIVE builds on the success of Operation IMPACT but focus exclusively on shootings, homicides and violent crime. The focus of G.I.V.E. for Jamestown is on violent crime. In 2017, the Jamestown Police Department received a grant of \$74,849.00 to fund G.I.V.E. initiatives, including funding for a crime analyst.

GIVE initiatives work to will reduce incidents of shootings aggravated assault and violent crime by promoting integrated, evidence-based strategies that include four core elements:

- People – GIVE jurisdictions will target the key individuals and groups, also known as the “top offenders,” responsible for most gun violence.

- Places – GIVE jurisdictions will target the key locations, or “hot spots,” where most violence is occurring.
- Alignment – GIVE jurisdictions will align their efforts and coordinate strategies with other local violence-prevention efforts.
- Engagement – GIVE jurisdictions will engage key stakeholders and the community at large, communicating and coordinating with them to ensure wide-ranging support.

The Chautauqua County G.I.V.E. partnership increases the number of patrols that are conducted jointly with agencies such as the NY State Police, NY State Parole, County Probation, and the City of Jamestown Department of Development (D.O.D.). Officers from these agencies work with JPD Officers to patrol targeted locations, conduct inspectional visits of parolees and probationers, and address emerging crime trends. Numerous high profile arrests have resulted from the program, as well as an increased ability for the department to identify and track criminals to assist in deploying resources more effectively.

EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG)

The JAG Grant is awarded annually by the US Department of Justice to large agencies nationwide based on their Part I Crime Statistics. During 2017, the JMDTF participated in 103 search warrants that resulted in a number of seized guns and other weapons, in addition to a significant amount of items used in the packaging, distribution and sales of drugs includes scales, safes, bags and envelopes and other paraphernalia. BUILDING & COURT SECURITY UNIT

The Jamestown Police Department continues to operate our Municipal Building/Courthouse security program. The number of courts operating within the City Hall facilities is significant, which makes the Court/Building Security Unit an important component of the department. Courts operating within City Hall include City Court, Housing Court, Drug Court, Mental Health Court, Family Court, Surrogates' Court, Domestic Violence Court, and DWI Court.

The Court Security Unit includes one full-time Court Security Supervisor and twelve part-time Court Security Officers, all of which are funded by the New York State Office of Court Administration.

Building and Court Security follow a 100% screening policy. The number of people who entered City Hall and were screened in 2017 was 117,359.

The Building and Court Security Unit seized 713 prohibited items during their regular screenings of those entering the building. While this demonstrates that the vast majority of people entering the building legally possess the items they are carrying, it remains obvious that such a screening is critical to maintaining the security of the building and the courts. Those items seized and returned to their owners included 3 firearms, 580 knives, 22 chemical agents, 9 razors, 41 scissors, 44 other weapons, and 14 other prohibited items.

JAMESTOWN FIRE DEPARTMENT

MESSAGE FROM DEPUTY FIRE CHIEF

On behalf of all the faithful and committed of the Jamestown Fire Department, I am happy to present to you this summary of services the fire department provided to our great community in 2017. With each of the 24 hour days that have passed, for 365 total days, the City of Jamestown Fire Department was there for each resident in need of their assistance.

In the pages of this annual report, you will find information on the various duties of our firefighters and first responders that continue to faithfully serve Jamestown, as well as detailed charts and graphs that show a great deal of statistics.

When faced with an emergency, you can rest assured that a well-trained professional will be there to assist you within minutes. Whether it is a member that has been here 30 years, or one of our newest recruits, you will be in good hands when faced with a house fire, medical issue, or a motor vehicle accident. Our first responders were faced with 5159 calls in 2017, each presenting different dangers and challenges.

None more so than on the night of March 24th when an arsonist set fire to five structures in rapid succession. In my over thirty years of service, I cannot recall a time when so much was accomplished by so few in such a short time. Only through the tireless efforts and unmatched ability of the eleven men on duty and those that answered their call for help, were the five separate fires successfully mitigated and public safety maintained.

While you are taking the time to read this annual report, please remember the dangers our personnel face each day they put their uniform and the dedication and pride they take in representing our city. **We are not just firefighters; we are Jamestown's first responders for incidents of all types and hazards.**

Members, you looked out for each other and the public we serve and did it with unparalleled proficiency and professionalism. I am extremely proud of you and honored to be a part of this department. What an amazing job. Hold your head high! Thank you for your support during 2017.

CHESTER R. HARVEY JR.

Deputy Fire Chief

MISSION STATEMENT

STATIONS

Fire Station 1 is located at Jamestown City Hall, and houses the Department's Ladder trucks, as well as the Medic 35 unit, Ambulance 1, Marine 1 which is a water rescue craft, and the heavy-duty rescue unit. All the Department's administrative offices are at Station 1.

Fire Station 3 is located at 422 Newland Avenue. Station 3 was built in 1949 and was dedicated to Firefighter Elmer R. Berry, who was killed in action in Luxembourg during Works War II. It serves the south side of the City.

Fire Station 4 serves the east side of the City from its location at the corner of Allen and Buffalo Streets. Station 4 was built in 1930 and to replace the old Station 4 which was at the corner of East Second Street & Kipp Street and also replaced Station 6 at Allen Street near Tiffany Avenue.

Fire Station 5 is located at 195 Fairmount Avenue and serves the west side of the City. This historic building was part of Chief Wilson's station reorganization and relocation plan in 1911. It was built in 1913 to accommodate Engine Co. 5, which was moved from West Fifth Street to this current location. From this station, Walter H. Kastenhuber and Harold Anderson responded to the Atlantic-Richfield Fire on June 19, 1934. They, along with two additional firefighters and three civilians were killed as a result of this horrific fire. Many others, including Chief Clifton Beatty were injured.

Our administrative offices are located at Station One on Spring Street in the City Hall Building. Our offices are open from 8 a.m. to 4 p.m. Monday-Friday for non-emergency information or assistance. Included in these offices are the Fire Prevention Office and Inspection and Investigate Office. The non-emergency office number is 716-483-7598.

COMMUNICATIONS

"KD-30955" or J-Fire are the Jamestown Fire Department's call numbers on the Chautauqua County radio system. All 911 and non-emergency calls received from the City of Jamestown automatically go to the Chautauqua County Sheriff's Department Dispatch Center in Mayville where trained dispatchers determine the problem, send the appropriate assistance and, if necessary, contact other companies such as the City of Jamestown BPU and DPW and National Fuel Gas.

MAINTENANCE DIVISION

Fire Alarm Maintenance Supervisor (FAMS) Cris Dahlgren oversees the maintenance of all the Departments vehicles and fire stations, as well as the 48 miles of alarm circuits in the city. Lt. Dahlgren holds a Bachelor of Science in Mechanical Engineering degree from Case Western Reserve University in Cleveland, Ohio. Cris is also considered a fire officer so along with this he completes state-mandated annual training with the line firefighters and fills both officer and command vacancies as needed. He also is an EMT and does the necessary training as part of the EMT “pilot program” to recertify every three years. Lt. Dahlgren also reports to every fire scene to provide complete maintenance, mechanical and fire suppression support.

Routine maintenance performed during the year includes: scheduling tire replacement on the fire department vehicles, repairs to the fire alarm system; which includes refurbishing boxes, pole transfer of wires, and wire rerouting. He conducts the NFPA fire pump testing on the fire apparatus and coordinates and oversees the required annual NFPA fire hose testing. FAMS Dahlgren schedules and reviews annual aerial ladder testing of the two ladder trucks and ensures that necessary repairs are completed as recommended by the testing company if needed. When there is work that is not able to be performed in house, it is scheduled with the DPW maintenance garage or an appropriate outside service.

FIRE INVESTIGATION REPORT 2017

Investigating the fire on March 23, 2017 at 621 East 6th. This is the 3rd time the same house has caught fire within a month.

2017 was a busy year for the Jamestown Fire investigation Team. Not only were there 61 investigated fires, a 32.6% increase from 2016, 36 of them were deemed arson. This is a 71.4% increase over 2016 in arson fires. Joint investigations by the Jamestown Police and Fire Departments resulted in the arrest of 1 serial arsonist. Arson continues to be the leading cause of fires in the City of Jamestown.

A total of 2 civilians suffered fire-related injuries in 2017, a marked decrease from 2016. There was 1 fire fatality, a 40 year old male on April 2, 2017.

On March 2, 2017, a preview of what was to come occurred in the City of Jamestown. Two separate fires occurred at 621 E. 6th St within 24 hrs. Both of these fires were determined to be arson. On the morning of March 22, 2017 an arson fire occurred at 441 Winsor St. While this fire was being investigated, the major arson fire in Falconer was ongoing. This began an arson spree which had the City Fire and Police Departments stretched to their limits, relying on a heavy mutual aid response to mitigate the incidents. In a 72 hour period from March 22 to March 25 2017, 9 separate fires occurred, some simultaneously, in the City of Jamestown. An additional 3 fires occurred just across City lines in the Village of Falconer. Once all these incidents were mitigated, a massive investigation into all fires began with City of Jamestown Police and Fire Investigators, along with the Chautauqua County Fire Investigation Team determining these 12 fires to be arson. A male individual was identified as a person of interest, and subsequently arrested in Butler County Pa. on multiple charges there, including arson. He is currently awaiting trial in Pa, and is indicted on multiple arson charges here in Chautauqua County.

FIRE INVESTIGATION REPORT 2017

The Fire Investigation Team is led by Lieutenant Tim Glenn and consists of 11 investigators, 9 of which are JFD members, and 2 from JPD. Five of the investigators are nationally registered and have passed the NFPA 1033 Professional Board Exam. The JFD Code Enforcement Officer is also a trained Level II Fire Investigator. Both JPD Fire Investigators serve on the Chautauqua County Forensics Team. The Team works closely with the Police Department's Crime Scene Evidence Detective.

- Jamestown Tiger, Cub, and Boy Scout Troops
- The Resource Center DayHab clients

TRAINING

One thing is for sure in the life of any firefighter, training. New York State law mandates a minimum of 100 hours of training per year for each professional firefighter. In every fire station on the city, and at every platoon level, training classes are held often and on a variety of subjects. These subjects include: fire behavior, fire protection, personal safety, rescues, equipment training for fire pumps and aerial ladders, hazardous materials handling, first aid and CPR, the cause and origins of arson fires, apparatus maintenance, and sprinklers and fire alarms.

Specialty classes are held from time to time on various types of rescues and equipment, along with, confined space training, hazardous materials, flammable gasses, high angle rescue, ice and water rescue, and emergency vehicle operations.

Dear Sirs,

We would like to submit for your consideration the crew of Engine Company #3, from the Jamestown Fire Department, Busti Volunteer Fire Dept. Ambulance Crew and Alstar EMS crew for the EMS Provider of the Year Award.

Engine Company #3 consisting of Acting Lieutenant Ben McLaughlin, Firefighter Rob Smith and Firefighter Evan Vande Velde on March 6, 2017 responded to a reported man down. Upon arrival the crew found a 54 year old male patient unresponsive, not breathing. Bystanders reported the patient had been doing construction work earlier and had complaints of intermittent chest pains. The crew assessed the unresponsive patient began CPR with BLS airway, and applied and AED. Two shocks were advised by the AED and delivered, followed by CPR. Alstar was available initially and Jamestown Fire Department Ambulance - 1 was committed to another call. Busti Fire Department Ambulance was dispatched to transport. As the patient was being packaged for transport an ALS crew from Alstar became available and responded to assist Engine Co. #3. The patient was transported in Busti's Ambulance with the crew from Engine Co. #3 and Alstar Medic on board. Upon arrival to the hospital the patient had palpable pulses and his condition was reported as improving. The hospital staff at UPMC Chautauqua WCA ED had the patient flown to a higher care facility, and reported the patient was improving.

We believe the actions demonstrated by these agencies, with their fast response, joint cooperation and thorough appropriate EMS care saved the life of this patient, and exemplifies the standard set and expected of an EMS provider in this Country.
